**Family Note:** If this activity is done at home, explain the page to your child before a Mass that you will be attending together. Suggest that your child listens carefully to the Gospel at Mass. After Mass, retell the Gospel in simple words. With your child, decide on the message of the Gospel and fill in the lines. If you wish, you can talk about how the message relates to your family.

**Catechist Note:** This activity is used with Chapter 3, "Listening." Encourage the young people to listen carefully to the Gospel at Sunday's Mass. Then, reread the Gospel when you meet in class. Have the class decide what Jesus was teaching in the Gospel. Print Jesus' teaching on the board for everyone to copy on to the chart. If you wish, on the back of the sheet, each young person can also draw a picture of the Gospel story.
