

Name _____ Date _____

My Own Prayer

Think about someone you would like to pray for. Put that person's name in the space.

I am praying for _____.
Make up your own prayer. Put the words or draw a picture of your prayer.

Family Note: Your child is learning to pray for others. If this activity is completed at home, your family can choose people to pray for and list their names. You may want to have your child say his or her prayer before a meal or at another time when the family is gathered together.

Teacher Note: Use this activity with Chapter 3, "Listening." If you wish, list on the board volunteers' suggestions of people to pray for. The class could also make a bulletin board display of people to pray for. The children's completed prayers can be shared during a classroom prayer service.
