A Friendship Card

At the end of Mass, the priest tells us to "Go in peace to love and serve the Lord." You can show your love to other people. Decorate and color this friendship card. Put your name on the line. Then give it to someone who needs a friend.

Family Note: Your child is learning that Catholics are told to serve other people and live the Gospel message. If your child completes this activity at home, think of some person in your family or community who rarely gets mail. Help your child make the card, put it in an envelope, and mail it.

Catechist Note: This activity is to be used with Chapter 7, "Serving Others." All of the cards could be sent in one mailing envelope to a nursing home, to a parish group, to an orphanage, or to whomever you feel would enjoy them. You can also check with the parish staff for suggestions about suitable recipients.
