

A Faith Family Tree

You are part of the Catholic Family. Make a Faith Family Tree. On each leaf, write the names or draw pictures of the people who are part of your Catholic family. Ask your teacher or family member for help.

Family Note: Your child is learning that he or she belongs to a family of faith—the Catholic Church. If your child completes this activity at home, provide help with the names. You can display your child's completed Family Tree at home, or add it to your family album.

Catechist Note: Use this activity page with Chapter 2, "Gathering." Help the young people by supplying the names of your pastor and the Pope. You may display the completed Family Trees in the classroom or parish hall.
